and NSD File No. L-00-72.

Dear FCC:

I am writing to complain about the proposed changes to the Universal Service Fund and requesting that the FCC investigate this matter further before changing the current policy. Your proposed \$1.00 per month charge for all wireless phones will directly impact my ability to retain my wireless service.

I do not think it is fair to charge EVERYBODY \$1.00 dollar regardless of how they use their wireless phone, especially for a low-volume user that relies on wireless service for safety and security, not interstate calls. The current policy is fair, based on interstate usage, and should be left alone. Please do not penalize us. Keep this fair.

We purchased the TracFone for our daughter for safety reasons. She tries to pay for minutes on her own. This increase would really hurt her. We were also thinking of purchasing a TracFone for my husband, since he drives over an hour each way to work. This too, would be used for emergencies only. Please consider those of us who only use this phone for these purposes. This would be extremely unfair.

Thank you for your prompt attention to this matter. Please provide a written response indicating the status/resolution of this matter.

Very truly yours,

Joette Bullock
